THURSDAY, Sept. 12, 1912.

Hugh Sparkman, editor of The Jackson Leader, is giving Marianna and Jackson county a jam up good paper.

According to a statement issued last week the sugar output of Cuba for the 1911-12 season was 1,850,478 tons.

By a decisive majority LaFayette county voted dry in the "wet or dry" election held in that county last Thursday.

A special election will be held in Franklin county next Tuesday to vote on a \$20,000 bond issue for the construction of good roads.

The Atlantic Deeper Waterways Association which met in New London, Conn., last week, voted to hold its 1913 convention at Jacksonville.

If Uncle Sam don't take a hand in that Mexican business before long some of the fighting Americans will have to do so on their own manhood.

In the election in Ohio last week the women failed in their effort to gain the ballot, but the initiative and referendum amendment was carried by a good majority.

The management of Columbia College at Lake City is arranging for a series of lectures and addresses by men prominent in professional and business life to be delivered before its student body, and friends, during the fall and winter.

The cotton crop of the South for the year ending August 31, 1912, according to a statement compiled by Secretary Hester of the New Orleans cotton exchange was 16,130,420 bales. This exceeded the previous year by over four million bales, yet the money value was \$107,000,000 less. The value of the total crop was \$810,230,764.

The Confederate Veterans of Florida will hold a three-day reunion in Lake City beginning October 8th. At that time the monument which was recently erected at Olustee, to commemorate the battle of Olustee will be unveiled, with appropriate exercises under the auspices of the Veterans and the Daughters of the Confederacy.

The Farmers' Educational and Co-operative Union at its meeting in Chattanooga, Tenn., last week, adopted a legislative program and recommended it for consideration by the State Unions. Among other things, the program favors the amendment of the Constitution so as to abolish the electoral college, and the election of president, senators and supreme judges by direct vote of the people. It also favors income and graduated inheritance tax.

## WAUSAU.

The Wausau Lumber Co. has resumed work again, and everything seems to run smoothly.

Saturday and Sunday morning was real September and the nice rains are helping all fall crops.

John W. Williams of Chipley, was shaking hands with friends here Friday from a passing train.

We are glad to say that Mrs. B. F. McKeithen of the Valley, who was real sick the past week, is now improving.

We are informed that Rev. T. W. Weaver and family moved to Vernon last week, taking the contents of the parsonage with them.

We are glad to note that the aged Mrs. W. B. Jones, east of town, who has been seriously ill, is now somewhat improved; she is 84 years old.

The series of meetings conducted here the past week by Rev. Fred Hawk of Chipley, closed Sunday. This was indeed a good meeting, with a number of additions to the church.

Uncle Ben has been absent from home this week, at Vernon attending the meeting of the school board and conducting the teachers' examination; he says the examination was long and tedious.

We are sorry to note that Uncle Samuel Robinson, an aged farmer of the Valley, is quite sick; Uncle Sam has been in failing health for some time; his friends entertain but little hope of his recovery.

Misses Esther Miller, Ida Jeffries and Exa McQuagge, teachers at this place, and Miss Minerva Hickman, teacher at Bonnet Pond, spent Saturday and Sunday with their parents at Chipley and Bonifay.

Wausau and Orange Hill crossed bats on the Orange Hill diamond Saturday, and the games were interesting too. The score in the forenoon was 12 to 11 and in the afternoon 13 to 6, both in favor of Wausau. Our team consisted of log sawyers, log haulers, mill hands and farmers, and proved a good team. They say the Orange Hill boys treated them fair on the diamond, and provided a nice dinner for them; for all courtesies they return thanks.

We urge the people of Washington county to give consideration to the proposed amendments to the State constitution, which are to be voted on at the general election in November. At least two of them—the one referring to the issuing of special district school bonds, and the initiative and referendum—should pass.

This is to certify that I have been carrying an Accident and Health Policy with the Continental Casualty Company for several months and I have just received, through their agents, Pelt, Pilcher & Adams, at Chipley, a check for \$22.66 for claim placed about ten days ago, for 17 days sickness.

I consider the policy a safe investment.

## Here at Home.

Chipley Citizens Gladly Testify and Confidently Recommend Doan's Kidney Pills.

It is testimony like the following that has placed Doan's Kidney Pills so far above competitors. When people right here at home raise their voice in praise there is no room left for doubt. Read the statement of a Chipley citizen.

Mrs. A. E. Helton, Chipley, Fla., says: "The public statement I gave three years ago recommending Doan's Kidney Pills was entirely correct and I gladly confirm it. This remedy has never failed to give relief when we had occasion to use it."

On May 2, 1908, Mrs. Helton said: "A member of my family had a severe attack of typhoid fever, which left his kidneys disordered. After that he was hardly ever free from backache and the

least work caused a tired, worn-out feeling. A relative advised a trial of Doan's Kidney Pills and this remedy was obtained at McGeachy & Co's, drug store. It's use brought relief from pain and soreness and acted as a tonic to the whole system.

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.
